

HELP US DESIGN THE OUTSIDE SPACES AT THE NEW ASHURST CHILD AND FAMILY HEALTH AND WELLBEING CENTRE!

We are developing a brand new health and wellbeing centre at Ashurst Hospital, bringing together lots of services for children, young people and families. Outside of the centre will be several open spaces and we'd love you to help us design them!

The spaces will have fun places to play as well as quiet places to sit and talk. You told us that you wanted outside spaces that are:

- Bright and colourful
- Designed for children and young people
- Full of fun things to do and play with
- New Forest themed
- Calming and relaxing
- Fully accessible in all areas
- Just as important as the inside

We're confident that we can build the perfect spaces for you and your community, but we need a bit more of your help first!

Time to get creative!

Help us design the perfect space for you. If you're under 18, send us a picture (or pictures) of how you think the finished spaces should be and we will try and make your best ideas a reality! You could:

- Draw or paint a picture
- Take photos of other places you like
- Download pictures of things you like from the internet - and maybe add your own twist
- Make a collage
- All of the above!

Put your name and age on it and send your finished ideas to hsiccg.swcommunity@nhs.net or post them to NHS Hampshire, Southampton and Isle of Wight CCG, Omega House, 112 Southampton Road, Eastleigh, SO50 5PB, marked for the attention of the South West Community Estates team, by Friday 9 July, 2021. Please be aware that we sadly aren't able to return your work to you, but we might share it in some later public information!
